

Armidale Private Hospital

Hospital Description

Armidale Private Hospital is a 30 bed acute Surgical/Medical facility. It consists of a mixed medical/surgical ward, two Operating Theatres, and a Respiratory Failure and Sleep Disorders Unit. The hospital is co-located with the Armidale Public Hospital and affiliated with the University of New England Rural Medical School.

Armidale Private Hospital Garden

Armidale is located halfway between Sydney and Brisbane, set high on the Great Dividing Range in northern New South Wales and just over two hours from Coffs Harbour on the mid north coast.

The city offers great food, an emerging cool climate wine industry, good shopping and vibrant monthly markets, to name just a few of its many attractions. The surrounding region offers a diversity of outdoor activities from bushwalking in the vast and spectacular gorge country, horse riding to trout and fly fishing.

Program commencement dates.

Armidale Private Hospital has one intake per year commencing in February. There will be one part time position per year available.

Programs Offered:

Combined general and peri-op program.
