

Lawrence Hargrave Private Hospital

Sunrise view from Lawrence Hargrave Private Hospital

Hospital Description

Set in a tranquil setting surrounded by the beautiful escarpment and overlooking the ocean, Lawrence Hargrave Private Hospital is situated in Thirroul, approximately 10 km North of Wollongong.

Lawrence Hargrave Private Hospital is currently a 42 bed rehabilitation facility which also offers medical and palliative care services. These services are offered as inpatient, day patient or as outpatient services.

The hospital has a full range of ancillary services including physiotherapy, hydrotherapy, occupational therapy, speech therapy, social worker, clinical psychologist and dietician.

The hospital also offers Radio Frequency Neurotomy and diagnostic procedures under Image Intensifier.

The rehabilitation programs offered include:

- Neurological
- Orthopaedic
- Pain Management
- Musculo-Skeletal
- Reconditioning
- Healthy Heart
- Parkinson's
- Multi Trauma

Services are provided in a relaxed and friendly setting and our approach is to focus on individual health care to meet the specific needs of all patients.

Program commencement dates.

Lawrence Hargrave is proud to be refurbishing it's structural facilities to complete this wonderful setting.

The current single level building will be converted into a modern multi-storey building, adding extra beds (totaling 55), up-grading facilities and improving the surrounding grounds – making it a much more appealing and desirable facility for both patients and staff.

This refurbishment/redevelopment is scheduled to be complete in May 2009.

With the disruption to services, there is no new Grad Program planned for 2008/2009.

What kind of rotations do we offer?

Employee Benefits

- Outstanding work should never go unnoticed and that's why here at Lawrence Hargrave we have a 'Reward & Recognition' scheme in place. Every month the nominated staff members receive a certificate, are mentioned in the Lawrence Hargrave newsletter and one staff member receives a gift voucher. At the end of the year a draw takes place with all the nominated staff included and the winner receives a prize.
- For the efforts and dedication of all our staff, we extend our thanks with an annual function to which all are invited.
- Lawrence Hargrave has a firm commitment to Community Involvement and Charities/Organisations contributions.

Transport and parking

The best mode of transport to Lawrence Hargrave Private Hospital is by car as we are situated on top of a hill. Free parking is available within the hospital grounds. However, public transport is available with the drop off point at the base of the hill.
