Ramsay Health Care Graduate Program

We see our future in your hands

Ramsay Health Care Graduate Program

gradplus

...is Ramsay Health Care's program for outstanding graduate nurses. Our flexible programs open doors to exciting career opportunities.

gradplus

...offers more support more opportunity and more flexibility than any other graduate program. We're looking for the best graduates in the country to join our team and we will give you the best first year development program in return.

About Ramsay Health Care

As the **largest private hospital operator in Australia**, Ramsay Health Care offers you fantastic nursing/midwifery experience in a wide range of clinical areas. All our hospitals meet national accreditation standards and provide comprehensive care to private patients. Our hospitals are recognised as facilities of excellence in surgery, medicine, mental health, midwifery and rehabilitation.

"I really feel that I have made the right decision in completing my new grad year with RHC & the Gradplus Program. I am very impressed by the program & feel very supported in my new role as an RN".

"Everyone is so friendly, I really feel like part of the team".

youplus

It's really important that you **balance your career** with the life you want to lead. Ramsay Health Care offers competitive pay and conditions, while sponsoring a wide range of leisure activities. In short, we want you to be rewarded, have fun and enjoy good health.

As an employee of Ramsay Health Care you'll have the opportunity to become a member of our Ramsay Employee Club and receive generous discounts on a wide range of fun activities, shopping and holidays. Some facilities also have their own social clubs that organise fun events throughout the year.

supportplus

We want you to feel supported while reaching your full potential, which is why GradPlus offers **mentoring and preceptorship**.

opportunityplus

GradPlus offers you a variety of clinical settings, **ongoing education, feedback and assessments**. This means you'll have the confidence of knowing your clinical and professional skills are meeting industry standards.

flexibilityplus

GradPlus provides a **friendly, flexible work environment** where you are encouraged to develop your practical clinical skills. You'll also have **access to a variety of placements** in surgical, medical, midwifery and mental health specialty areas.
